CHILD MIND INSTITUTE, INC.
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

NOTE 1—ORGANIZATION AND NATURE OF ACTIVITIES

The Child Mind Institute (“CMI”) is devoted to transforming mental health care for the world’s children to enable them to reach their full potential. CMI is passionately committed to finding more effective treatments for childhood psychiatric and learning disorders, building the science of healthy brain development, and empowering children and their families with the information they need to get help, hope, and answers.

CMI was incorporated in 2009 and is organized under the Not-For-Profit Corporation Law of the State of New York. CMI is a tax-exempt organization under Section 501(c)(3) of the U.S. Internal Revenue Code and accordingly, is not subject to federal income taxes. As a not-for-profit organization, CMI is also exempt from New York State and New York City income and sales taxes.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. CMI’s financial statements have been prepared on the accrual basis of accounting. CMI adheres to accounting principles generally accepted in the United States of America (“U.S. GAAP”).
- B. CMI classifies its net assets in the following three categories:
- Unrestricted – represents resources available for support of CMI’s operations over which the Board of Directors has discretionary control.
 - Temporarily Restricted – represents assets resulting from contributions and other inflows of assets whose use by CMI is limited by donor-imposed stipulations that either expire by the passage of time or can be fulfilled and removed by actions of CMI pursuant to those stipulations. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.
 - Permanently Restricted – represents those resources subject to donor-imposed stipulations that they be maintained intact in perpetuity by CMI. Currently, CMI has no permanently restricted net assets.
- C. Cash and cash equivalents consist of all highly liquid investments purchased with maturities of 90 days or less.
- D. Contributions receivable are recorded at net realizable value if expected to be collected in one year and if material, multiyear receivables are recorded at the present value of their estimated future cash flows.
- E. Unconditional promises to give (pledges) are recorded as income when CMI is formally notified of the grants or contributions by the respective donors. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. Conditional promises to give are not included as support until the conditions are substantially met.
- F. As of September 30, 2010, CMI determined that no allowance for doubtful accounts should be provided for receivables. Such estimate is based on management’s evaluation of the creditworthiness of its donors, a review of individual donor accounts outstanding, the aging of its receivables, as well as current economic conditions and historical loss experience.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- G. Property and equipment is stated at cost or contributed value less accumulated depreciation and amortization. CMI capitalizes property and equipment with a cost of \$3,000 or more and a useful life greater than one year. Depreciation is provided on a straight-line basis over the estimated useful lives of the assets. Leasehold improvements are amortized over the lesser of their useful lives or the term of the lease.
- H. The costs of providing program and supporting services of CMI have been summarized on a functional basis in the accompanying financial statements. Accordingly, certain costs have been allocated among the program and supporting services benefited.
- I. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and disclosure of contingencies. Actual results may differ from those estimates.
- J. Effective October 1, 2009, CMI adopted the provisions of Financial Accounting Standards Board (“FASB”) Interpretation No. 48 (“FIN 48”), “Accounting for Uncertainties in Income Taxes – an interpretation of FASB Statement No. 109,” now incorporated in Accounting Standards Codification (“ASC”) 740, which provides standards for establishing and classifying any tax provisions for uncertain tax positions.
- K. Donated securities are recorded at fair value at the date of donation.
- L. Management has evaluated events subsequent to the date of the statement of financial position through May 12, 2011, the date the financial statements were available to be issued. No events have occurred subsequent to the statement of financial position date through May 12, 2011 that would require adjustment or disclosure in the financial statements.

The President is involved in the management of both of these entities, yet CMI’s Board of Directors oversees and controls the policies, management and activities of CMI. The criteria of control and economic interest that might require consolidation of the two entities’ financial statements under U.S. GAAP are not met. Procedures are in place to ensure the proper allocation of expenses between each organization. Pursuant to an agreement between CMI and the Practice, CMI shared certain costs (including capital expenditures) associated with the start of operations. As of September 30, 2010, CMI was owed approximately \$436,000 from the Practice for its share of these costs, including rent, advances and equipment.

Pursuant to this agreement, CMI received a base rent credit of \$1,190,490 to be applied to the rent expense from the commencement of this lease through May 31, 2011. In conjunction with this lease, CMI was required to obtain two separate letters of credit totaling \$2,828,588 to be held as security in the event of default (See Note 6). CMI had not defaulted on this lease through the date of this report and accordingly there have been no borrowings on these letters of credit.

NOTE 8—TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets are both time and purpose restricted. Temporarily restricted net assets consist of the following as of September 30, 2010:

Time restricted	\$1,599,609

Net assets restricted as to time will be released from their restrictions in conjunction with their scheduled payment date (See Note 3)

NOTE 9—EMPLOYEE RETIREMENT PLAN

CMI maintains an employee benefit plan under section 401(k) of the Internal Revenue Code (the "Plan") into which eligible employees may contribute a portion of their annual salaries. Under the terms of the plan, CMI may provide a discretionary matching contribution of the employees' contributions up to 10% of their annual salary. Pension expense for the year ended September 30, 2010 amounted to \$9,000.

NOTE 10—CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject CMI to a concentration of credit risk include cash accounts with various New York financial institutions that exceeded the Federal Deposit Insurance Coverage ("FDIC") insurance limits (\$250,000) by approximately \$3,600,000 as of September 30, 2010. FDIC's Transaction Account Guarantee ("TAG") program provides unlimited insurance on noninterest-bearing accounts until December 31, 2010. However, CMI's banking institution has opted out of the TAG program and thus the insurance for noninterest-bearing accounts is limited to \$250,000. Beginning December 31, 2010 through December 31, 2012, deposits held in noninterest-bearing accounts at all FDIC insured institutions will be fully insured, regardless of the amount in the account.
